

Yash Vadoliya

Backend Developer

A motivated full-stack developer with hands-on experience in building scalable web applications using React.js, Node.js, and MySQL. Proficient in API development, frontend/backend integration, and database optimization. Strong team player with proven problem-solving and project management skills.

Projects:

VRUNDAVAN DAIRY FARM

A web-based dairy management system designed to streamline product and order operations. Built an admin panel for product and order management using React.js and Node.js. Implemented image uploads, PDF invoice generation, and MySQL integration.

Technologies: React.js, Node.js, MySQL

BIODATA CREATOR

A platform to generate marriage biodata in PDF, JPG, and PNG formats. Integrated Google login for secure user authentication. Implemented Google Ads for monetization. Users can fill out biodata forms and download professionally formatted outputs. Technologies: React.js, Node.js, TiDB Cloud, Google OAuth

NAKYA RESEARCH

A secure API management system for research data processing. Developed secure RESTful APIs with authentication and validation using Joi. Integrated MySQL for persistent data storage. Used Postman for API testing and validation. Technologies: Node.js, Express.js, MySQL

Education:

Master of Computer Application (MCA)

Atmiya University - Rajkot, Gujarat Aug 2023 – May 2025 | 82.52%

Bachelor of Computer Application (BCA) SSSDIIT college, BKNM University – Junagadh, Gujarat Aug 2020 - Jun 2023 | 76.7%

HSC (12th Grade): Commerce Alpha High School, GSEB – Junagadh, Gujarat June 2019 – Mar 2020 | 61.43%

SSC (10th Grade) Alpha High School, GSEB – Junagadh, Gujarat June 2017 – Mar 2018 | 70.5%
